Dear Mr. Eddy,

Thank you for your interest in supporting the Make-A-Wish Foundation® of Massachusetts and our wish-granting program. We are very excited about the possibility of forming a relationship between the Foundation and your company.

As you may know, the Make-A-Wish Foundation's sole purpose is to grant the wishes of children between the ages of 2½ and 18 years of age who have been diagnosed with a life-threatening medical condition. Although we know a wish cannot make an ill child well, wishes do provide hope and a happy diversion from the routine of difficult medical treatments, doctors, and hospital visits. Wish experiences also create feelings of hope, strength, and joy in wish children and in all the people they touch.

The family bears absolutely no cost when a wish is granted -- all expenses are covered by the Foundation. The wish of each child is different and reflects the unique and personal sense of their own dreams. A child's wish may be to meet a favorite athlete or celebrity, to travel to Disney World or an exotic destination, or to receive a computer so they may complete their school work at home. Whatever the dream, the Make-A-Wish Foundation does everything possible to ensure that the wish becomes a reality and the experience is one the family will remember and cherish. Thanks to the generous support from our volunteers and donors in the community we can turn these dreams and more into a reality for our wish children.

Thank you again for your interest in the Make-A-Wish Foundation. Please feel free to contact me at (617) 367-9474 or mbuckley@mass.wish.org if you have any questions.

Sincerely,

Mariah Buckley
Wish Program Coordinator
