

**Governor General Bruce MacGunnigle
Assistant Governor General Lea Filson
Triennial Chair Judy Swan**

The Massachusetts Society of Mayflower Descendants recently held a Junior Tour/Peregrination that went from Plimoth Plantation to the Mayflower II and back to Plimoth Plantation. This was a private tour given to us by Richard Pickering, Deputy Director of Plimoth Plantation and as such was quite well attended.

MSMD offered transportation for the attendees as part of the package and I contacted ACCESS EXPRESS, a local Plymouth transportation company to help us with this.

I am writing to tell you that I would highly recommend this company for any transportation needs that the General Society experiences due to the next Triennial or any other occasion.

They were extremely accomodating even though our numbers were higher than I originally thought. They sent 2 large buses and 2 or 3 smaller vans. The drivers were friendly and helpful to many of our "older" members. When our departure time arrived and 5 of our members had not, the owner of the company offered to wait another 10 minutes so the rest of us could leave on schedule!

It was a pleasure doing business with this group. You can visit their website at accessexpress1.com for more detailed information and I urge you to consider them for the Societys' future needs.

**Sincerely,
Alice Mohnkern,
Secretary, MSMD
Education Chair
Junior Committee**
