August 10, 2011

Dear Mike,

On behalf of SolAmor Hospice thank you for your partnership yesterday to transport our patient from Radius Healthcare to the Plymouth Waterfront. This was an effort by our hospice to offer a "quality of life" experience as part of the patient's hospice care plan.

Needless to say, he had a wonderful time and thoroughly enjoyed the sunshine and boats on the waterfront. We appreciate your gift in providing the wheelchair van and driver. Paul Burkett was a huge support and helped the patient feel confident and safe.

We look forward to future encounters with your organization.

Sincerely,

Karen J. Spangler
Life Care Coordinator
