Dear Mr. Eddy:

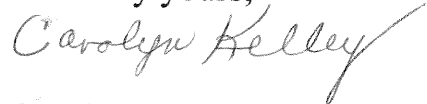

Your company provided transportation for my daughter, Virginia Dafiotis, to her medical appointments for radiation at Dana Farber during the past seven weeks.

Mike Eddy coordinated her transportation in an extremely friendly and efficient manner. She had some complications during her treatment which required hospital stays. Mike was sometimes notified with very short notice that she did not require transportation or that she was again in need of resumption of pick-up and delivery. Mike was always responsive to her needs as they developed.

My daughter says the drivers were courteous, neat, and always on time. Your company provides a badly needed service at a much lower cost than others I contacted. Your company was recommended to me by my South Dennis neighbor, Bob Ryan, who drives for HAC on Cape Cod.

We will highly recommend your company to anyone we come in contact with who might be in need of this type of service.

Sincerely yours,

Carolyn Kelley
Virginia Dafiotis
